

# Year 7 Homework Schedule Spring 2018

## MATHEMATICS

Date	Topic Title	Topic Information
W/C: 8/1/18	Angles and angle properties of straight lines	Draw and measure acute and obtuse angles, estimate angles, know and use angle facts (angles around a point, angles on a straight line, vertically opposite angles)
W/C: 15/1/18	Properties of triangles	Triangle properties, symmetry, sum of interior angles
W/C: 22/1/18	Properties of quadrilaterals	Quadrilateral properties, construct quadrilaterals, interior angles of quadrilaterals
W/C: 29/1/18	Symmetry and tessellations	Lines of symmetry, rotational symmetry, investigate and create tessellations
W/C: 5/2/18, W/C: 12/2/18 & W/C: 26/2/18	Using fractions	Represent fractions, equivalent fractions, fractions to decimals and vice versa, mixed numbers to improper fractions, order fractions
W/C: 5/3/18	Fractions of amounts	Find fractions of a set object, find the whole given a fraction
W/C: 12/3/18 & W/C: 19/3/18	Multiply and divide fractions	Multiply and divide a whole number or fraction by a whole number or fraction, reciprocals, multiply and divide mixed numbers, whole numbers and fractions

**PLEASE NOTE: Topics listed for each term may be subject to change**
