

KS4 Curriculum Overview 2022/23

Department: HSC

Description of KS4 Curriculum:

BTEC Tech Award in HSC

Component 1 - Human Lifespan Development – INTERNAL ASSESSMENT

Component 2 - Health and Social Care services and values – INTERNAL ASSESSMENT

Component 3 - Health and well-being – CONTROLLED ASSESSMENT

The Award gives learners the opportunity to develop sector-specific knowledge and skills in a practical learning environment. The main focus is on four areas of equal importance, which cover the:

- development of key skills that prove your aptitude in health and social care such as interpreting data to assess an individual's health
- process that underpins effective ways of working in health and social care, such as designing a plan to improve an individual's health and wellbeing
- attitudes that are considered most important in health and social care, including the care values that are vitally important in the sector, and the opportunity to practise applying them
- knowledge that underpins effective use of skills, process and attitudes in the sector such as human growth and development, health and social care services, and factors affecting people's health and wellbeing.

Yr 10 will follow the new 2022 specification, whilst Yr 11 will complete their course which follows the 2016 specification.

Sequence of Learning:
